For Reflection / Action: Do you have friends who believe in evolution? What is the reason they most often give? Have you been taught that evolution is true? Can you see how evolution undermines both real science and the Bible? Have you HONESTLY given the theory of evolution any scientific scrutiny or do you accept the teachings as “gospel truth?” What can you do to “Test everything?” as 1 Thess. 5 suggests? What were you taught in school to believe but has been shown by actual science to be untrue or untenable?
